Explanation of Responses:

- The total number of shares beneficially owned previously reported in the Form 3 filed on March 18, 2026 was understated by 513 shares due to administrative errors in the number of shares reported as withheld for tax obligations in connection with RSU releases occurring on April 11, 2025 and March 12, 2026. This filing reflects the corrected beneficial ownership amount.
- The reported price represents a weighted average sale price for shares sold in multiple transactions at prices ranging from \$30.08 to \$30.49 per share. The shares sold were acquired upon vesting of restricted stock units on various dates. The reporting person undertakes to provide to the issuer, any security holder of the issuer, or the staff of the Securities and Exchange Commission, upon request, full information regarding the number of shares sold at each separate price.
